David Ortega

Web Developer

Resume

Passionate full-stack developer skilled in JavaScript, HTML, CSS, PHP, Laravel, Tailwind, and React. Dedicated to creating user-friendly UI/UX interfaces and leveraging technology for positive societal impact. With expertise in both front-end and back-end development, I excel in crafting dynamic web applications that prioritize usability. A collaborative team player committed to continuous learning and innovation, I seek to contribute to impactful projects that drive positive change.
